

Curriculum Vitae of Peter George Skinner

I am a Director of PGS Superannuation Consulting Pty Ltd.

I provide strategic advice on superannuation issues for family law purposes. I quantify the amount of superannuation referable to the marriage period.

I value superannuation interests for family law purposes. I have valued all Commonwealth superannuation schemes and most State government schemes. I have valued most defined benefit superannuation schemes from the private sector including Commonwealth Bank, Telstra, Coles Myer, Holden, Ford and UniSuper. I have valued defined benefit schemes from semi government organisations including Aussie Post and local government councils.

I have appeared in Court and given evidence on many occasions. I am regularly appointed as a single expert witness

As a Director of PGS Superannuation Consulting Pty Ltd, from October 2003 to February 2004, I provided consultancy services to ComSuper, the Commonwealth organisation administering superannuation schemes for federal public servants and the military.

From 1992 to 2003, I was the Deputy Commissioner of Superannuation and Deputy Chief Executive Officer of ComSuper. My executive position in that organisation gave me a wide exposure to all issues concerning superannuation policy and its implementation. Running ComSuper as a business was part of my responsibilities. In 1996, I was awarded a Senior Executive fellowship that directly led to an international forum for comparison of superannuation administrators.

Prior to joining ComSuper, I spent 14 years in Defence with 8 of those years in Executive positions including responsibility for Defence budgets and superannuation. I spent 2 years in London in the UK Ministry of Defence. My last years in Defence were as Secretary to the (Defence Force Retirement and Death Benefits Scheme) DFRDB Review that resulted in the establishment of the Military Superannuation Scheme.

Prior to Defence, I worked as a Senior Cost Investigator for 6 years in Sydney.

I have been a trustee of Military Super, a trustee of Army Health Benefits Association and a member and acting Chair of the DFRDB Authority.

My prior experience has given me an in depth understanding of all aspects of the family law valuation methodology and Commonwealth defined benefit schemes, namely DFRDB, Public Sector Scheme, Commonwealth Superannuation Scheme and Military Super.

Qualifications

Bachelor of Economics (University of Tasmania 1973)

Master of Commerce (University of NSW 1976)
